Below M. Officer's report no. 175 of 2/11/18  
stating there is that Mr. V. B. Shiddapur, who  
is working in the dispensary as a <sup>candidate</sup> ~~candidate~~  
may be appointed as an assist. Compounder  
at a dress of Rs. 8-0-0 rising to Rs. 12  
by an annual increment of Rs. 1 with  
present dress may be ordered to work as a  
peon on the present pay.

100 2 of 1918.

Respectfully submitted for favourable  
consideration.

2. The Medical Officer makes proposals  
which seem suitable from several points  
of view & the Sd. Officer agrees with him.

3. The efficiency of the dispensary staff  
will, no doubt, be increased. There will

always be a hard to do dressing work & to  
rely on the compound when there is  
~~pressure~~<sup>pressure</sup> of work & when the latter goes  
on leave.

4. Trained hands are not always available,  
& a man who has combined in him the  
knowledge of dressing & compounding,  
is likely to be an acquisition to the dispensary.

5. One important feature of the proposal  
is that it involves no extra expenditure, &  
so far, to the State & at the same time  
we get a man to fill up the place.

Of a person which has been vacant  
for a considerable <sup>time</sup> past, obviously to  
the inconvenience of the M. Officer.

8. The Up understands that Mr. V. B. Shiddapur  
when officiating as Patil of Shiddapur  
was in trouble & that his services were  
dispensed with. In view of his present  
good moral character conduct testifies  
to by the Medical Officer & his prospective  
usefulness to the Dispensary, his —  
appointment as an assist. Compounder  
& a dresser may kindly be sanctioned.

The Medical Officer

The Dispensary, Savanur State;

To,

Meherban Lt. Nawabsahib F. B.

Savanur State:

(Through the Dewan of Savanur State.)

Sir,

I beg to submit for your indulgent consideration the following proposal with a view to augment the efficiency of the staff of the Savanur Dispensary which is growing in both area & area after area.

2. The post of a peon is at present vacant owing to high prices and increasing demand for garden labour in Savanur especially, no one could be got to fill it up. The present dresser having to do both the duties of a peon & those of a dresser the dispensary

work suffers to the no small incon-  
-venience & annoyance of the Medical  
officer & his staff generally and  
of the patients especially. I would  
therefore respectfully suggest that  
Mr Deukaer's B. Sida'ner who has  
been attached to the Dispensary as a  
candidate & who is helping the Compounder  
in his compounder's work be appointed  
as an assistant Compounder & a dresser  
at Rs 8/- per mensem. That Bairam  
the present dresser - who is only a  
beginner & whose work in the matter  
of dressing is not quite up to the  
mark - may be allowed to revert to a  
lower post. Being inefficient, he cannot  
be expected to work more efficiently.  
He will in no way suffer as the pay  
of the persons in the State has been  
raised from Rs 7/- to Rs 8/-. He will  
continue to get the same pay (as person)  
which he got as a dresser viz Rs 8/-.

3. It will thus be observed that the proposal involves no extra expenditure to the State, but it will decidedly add to the efficiency of the Dispensary staff. Instead of a dresser the Dispensary will have the advantage of having a dresser with the qualifications of a compounder.

4. Mr D. B. Sidapur is a trained compounder & does his work satisfactorily. I have much pleasure in saying that I found him morally well conducted during the time that he has been under me. It is not easy to obtain trained hands in case of an emergency, & during the absence of the compounder on leave &c., he will do both the work of a dresser & a compounder.

5. In case Mr Sidapur does his work satisfactorily he may be given, after a short trial, an

movement of 1st & 2nd

I have the honour to be,

Sir,

Your most obedient servant,

D. K. S.

2) The Medical-officer makes proposals  
which seem suitable from several

3) The efficiency of the dispensary staff  
will, no doubt, be increased. There will  
always be a hand to do dressing work  
& to relieve the compounder when there  
is pressure of work & when the latter does an  
leave

4) Trained hands are not always  
available. A man who has combined

in him the knowledge of dressing &  
compounding is what he is an  
acquisition to the dispensary

5) One important feature of the  
proposal is that it involves no  
extra expenditure as far as the State  
& at the same time we get a man
